Dear Mr Goh Thank you for having been such an amazing teacher back in Qifa. You have allowed my character to develop and helped me to achieve so many things. Without you, I probably would not be where I am today. You were also still a motivating and encouraging teacher, and made your lessons interesting, even during the stressful PSLE period. Thank you for everything. Your former student, Sidney.

Dear teachers, due to Covid, teachers are now healthcare workers, reminding students to take their temperatures, santise, wipe down; IT specialists, requiring to pivot to HBL quickly, develop online content and conduct classes over Zoom effectively; cheerleaders who constantly encourage the students despite the mental fatigue of fluctuating restrictions and finally, educators who remains passionate in your chosen profession. I am so in awe of the job you do. Thank you.
