

## A Note from the Principal

Dear Parents/Guardians,

In this issue, I draw your attention to the important dates in the semester two calendar. We hope this early information gives you plenty of time to make alternative arrangements for childcare etc. While the next two terms will be rather short, we would like to make the most of it to provide your child with a vibrant schooling experience, where your child would continue to make progress in every aspect of their development. I ask for your support in partnering us in this endeavour.

I hope you will find time to have quality family experiences together this holiday season, and I look forward to welcoming the students back for the next semester.

Happy holidays!

Yours sincerely,

Mrs Catherine Chiang  
Principal

### 2. 2023 Primary One (P1) Registration Exercise – Phase 1 Registration

Phase 1 registration will be conducted from **9am on Tuesday, 4 July 2023 to 4.30pm on Wednesday, 5 July 2023** for a **Singapore Citizen (SC)** or Permanent Resident (PR) child born between **2 Jan 2017 and 1 Jan 2018 (both dates inclusive)** and has a **sibling studying in our school**.

The new P1 Registration Portal will go live on 4 July 2023 and can be accessed via the [MOE P1 Registration website](#). Parents will require a valid Singpass with 2-Factor Authentication (2FA) to login to the P1 Registration Portal. Only one parent is required to login and submit the registration through the Portal.

Parents are encouraged to prepare early and check the [MOE P1 Registration Exercise](#) website for the latest updates on the registration exercise and the documents required for registration.

#### **Registration for International Students (IS):**

IS who intend to participate in Phase 3 of the P1 Registration Exercise must undergo a two-step process:

**Step 1:** Submit an online 'indication of interest' form via the MOE P1 Registration website, between Tuesday, 30 May 2023, 9am and Monday, 5 June 2023, 4.30pm. Those who do not do so by 5 June 2023 will not be able to register during Phase 3 of the P1

**Step 2:** MOE will notify IS applicants who have indicated their interest via email by end October 2023, on whether their child can be offered a P1 place in a primary school. If a place is offered, the parent of the child will be informed of how to register with

School admission at Phase 3 is not guaranteed, as there are limited vacancies after places have been allocated to SC and PR children.

Ms Kasturi Selvarajoo  
Administration Manager

## Key Updates

### 1. West Division Day 2023

The Brownies participated in the West Division Day organized by Girl Guides Singapore on 15 April 2023. The girls participated in various activities and competitions which was hosted at Commonwealth Secondary School. Our girls took part in 4 of the competitions namely Recycle Runway, Spy Mission, Did Someone Say Cookie and Catapult Jeopardy. We clinched the 2<sup>nd</sup> place for the Spy Mission. Well done girls!

For the Recycle Runway competition, the girls had to prepare an outfit using recyclable materials. One student will wear and model it. They also had to submit a short writeup to describe the materials they had used. The girls put their creative juices to work and came out with attractive outfits.

As for the Spy Mission competition, teams use their observation skills by memorising items, similar to the Classic Kim's game and at the same time carried out simple physical activities to win. The girls had very good memory and thus, took a very short time to complete the mission.

For the Did Someone Say Cookie competition, the girls had to design the most unique cookie tin ever! The best cookie packaging design has a chance to be featured on this year's GGS cookie tin. The design to be related to the theme; Our World, Our Thriving Future or Dream, Act, Lead.

Lastly, for the Catapult Jeopardy, teams will have to throw ping pong balls into cups that are arranged in front. Each coloured cup represents a question (pertaining to sustainability) that they had to answer. The team will have to answer a question correctly to earn points. The team with the highest points wins.

This Saturday event was a great success for the students. The students from West division schools came together to collaborate and compete, showing their knowledge and skills. We are proud of all the participants, and we look forward to seeing more achievements and successes in the future.

Mdm Rajiya  
Teacher-in-charge / Brownies

# Key Updates — West Division Day 2023 (cont'd)

## Key Updates

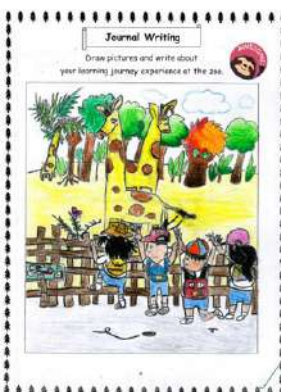

### 2. Primary 1 Learning Journey to the Singapore Zoo

In April, Primary 1 students went on an exciting learning journey to the Singapore Zoo. The interdisciplinary learning journey, which is part of the English Language STELLAR curriculum, aims to provide students an authentic learning experience as they get a first-hand encounter with the animals which they have learnt in class.

Our teachers facilitated student learning by bringing them around the different animal enclosures where they saw various animals up close and learnt more about their characteristics, diet and habitats. They also enjoyed an animal show titled 'Splash Safari' at the amphitheatre. This learning experience enabled our students to engender the joy of learning as they continue to explore, construct new knowledge, and make connections to their learning in the classroom.

## Key Updates — P1 LJ to the Singapore Zoo (cont'd)

Today, my teacher took us to the zoo by the school bus. First, I saw a crocodile under the bridge and a crocodile in the water.

We watched the 'Splash Safari' show too. I enjoyed watching it! Then, we saw the white tiger and the hippopotamus. Then, we saw a giraffe.

Gao Jiajia (1C)

We went to the zoo last Thursday and we saw zebras, giraffes, hippos, cheetahs, lions and tigers. We also watched the 'Splash Safari' show. During the show, we saw two sea lions. They showed us how smart they were!

While watching the show, we also had our snacks. This learning journey is so fun! I can't wait to see what our next trip will be!

Qu Zixi Eva (1D)

Ms Nurul Adlina  
Primary 1 English Language Representative

## Key Updates

### 3. Primary 2 Roti Prata Discovery Programme

On 9 May 2023, the English Language Department organised a ‘Prata Discovery’ flipping adventure for our Primary 2 students in conjunction with the reading of our STELLAR book – *Roti Prata*.

The programme started with the students singing the *roti prata* song. Next, they were briefed on the origin of *roti prata* and the various ingredients used to make the dough. To enhance students’ learning, they were given a stack of cards and each card represented an ingredient used to make *roti prata*. The students collaborated with one another to choose the right cards (ingredients) to make *roti prata*. This was followed by a live demonstration by an experienced chef on how to make *roti prata*.

During the hands-on experience, students got to simulate the flipping of the *roti prata* by using a towel before they were given the actual dough. The students enjoyed the entire process very much as this was the first time that they kneaded and flipped a dough using their bare hands. At the end of the programme, every student was given a box of *roti prata* and a packet of Milo. They were also given a Prata Discovery Journal which they could complete when they returned to their respective classes. The teachers and students shared that it was not only a fun-filled activity, but also an enriching one as the hands-on experience of patting and kneading the dough made the learning more authentic.

---

“I like kneading and flipping the dough. I also enjoy eating the delicious roti prata made by the chef.”

— Tan Lee Wern (2C)

“We had an enjoyable time together in the hall. I love making roti prata and hope that I can make it with my brother too.”

— Ray Chua (2E)

Mr Brendan Lim  
P2 English Language Representative

## Key Updates — P2 Roti Prata Discovery Programme (cont'd)

## Key Updates

### 4. P5 JuniorBuddy-cum-VIA Programme

"I'm proud of myself as it's the first time I manage to build a light to send to students in Cambodia!" exclaimed *Hu Ruoxuan* from 5E. *Caelen Ang Kai Le* from 5F added, "The programme is beneficial and engaging because I get to help others while having fun."

These Primary 5 students were part of the JuniorBuddy Programme which was conducted in alignment with the school's vision of developing contributors with passion and nurturing stewards of the environment. We have also leveraged this opportunity for students to contribute back to society as part of the level's Values-in-Action Project. The programme was conducted in collaboration with an external agency and SolarBuddy, a non-profit organisation.

During the 2-hour workshop, students learnt about energy poverty that is aligned with the UN Sustainable Development Goals as well as how innovation is crucial in solving problems. The concepts of solar technology, sustainability and global citizenship were also introduced during the workshop. By the end of the programme, all Primary 5 students built a solar-powered light which will be delivered to children living in extreme energy poverty areas overseas. Students also wrote an accompanying letter to the recipient who would be receiving the solar-powered light that they had built.

Judging from the engaged chatter and smiles on their faces, it was clear that students had a whale of a time and spent a well-deserved two hours of their precious afternoon. When asked if they would recommend this programme to their friends, there was no doubt a resounding 'Yes!'

## Key Updates — P5 JuniorBuddy-cum-VIA Programme (cont'd)

## Key Updates

### 5. Primary 5 Back to Nature Camp

With great joy and pride, we reflect on the incredible outdoor camp at MOE Jalan Bahtera Adventure Centre, where students have surpassed expectations and worked towards the camp's objectives. Let's take a moment to celebrate their accomplishments and growth during the camp!

## Key Updates — P5 Back to Nature Camp (cont'd)

Responding to Challenging Tasks positively: The camp encouraged the students to step out of their comfort zones and attempt new things. With unwavering courage, they conquered towering heights during the high elements activities and ventured through dimly lit tunnels during the artificial caving experience. Showing us that true growth happens when we embrace the unknown with open hearts and minds. Well done students!

## Key Updates — P5 Back to Nature Camp (cont'd)

**Effective Communication:** Throughout the camp, effective communication was a key aspect. Students worked together as a team, supporting and guiding one another through various challenges. The ability to communicate clearly and listen attentively allowed them to overcome obstacles and foster strong bonds. Remember, effective communication is the foundation of successful teamwork!

**Outdoor Skills and Safety Awareness:** The camp provided valuable opportunities to develop essential outdoor skills. From basic navigation skills during the treasure hunt at West Coast Park to managing their safety in unfamiliar surroundings, they have exhibited resourcefulness and cultivated safety awareness. These skills will serve them well to explore the outdoors with confidence.

## Key Updates — P5 Back to Nature Camp (cont'd)

Appreciation of the Outdoors: One of the camp's objectives was to cultivate an appreciation of the outdoors. Whether it was marvelling at the breath-taking views from the high elements or enjoying the tranquillity of nature during the night walk, students developed a deep appreciation for the beauty and wonders of the natural world. Embrace this connection with nature, as it nurtures the soul and inspires us all.

Day 3 Adventure at West Coast Park: On Day 3 of the camp, they embarked on an exciting adventure at West Coast Park. Activities included a thrilling treasure hunt that challenged their navigation skills. By working together and utilizing problem-solving abilities, students successfully unravelled clues and discovered hidden treasures. Additionally, teambuilding activities, such as boarding the ship, strengthened their bonds and fostered a sense of unity among themselves.

## Key Updates — P5 Back to Nature Camp (cont'd)

As we conclude this unforgettable journey, let us celebrate the objectives that were met and the incredible growth the students have shown. Their courage, communication skills, outdoor expertise, and appreciation for nature have blossomed, transforming each one of them into remarkable individuals.

## Key Updates — P5 Back to Nature Camp (cont'd)

We extend our deepest gratitude to the parents for their unwavering support in nurturing these qualities in their children. Together, we have created a community that fosters exploration, growth, and the pursuit of excellence.

Remember students, you can achieve great things when you step out of your comfort zone, communicate effectively, and appreciate the wonders of the world around you. Continue to shine brightly, embrace new adventures, and make a positive impact wherever you go!

Mr Aaron Koh  
HOD / PE, Aesthetics, Music & Co-Curricular Activities  
(On behalf of the PE department)

### 6. Chinese Language Book Recommendations for June 2023

#### “假期阅读乐 Holiday Reading Fun” 推荐书单

The Committee to Promote Chinese Language Learning (CPCLL) and National Library Board (NLB) recommend some e-books and physical books to cultivate reading habits and promote interest in reading Chinese books among our students. We hope that these recommendations will help our students explore different genres of books and read widely.

The book recommendations for the month of June include family stories, festival stories and local picture books. Your child/ward can select any title of his/her interest and borrow the e-books. Alternatively, he/she can scan the QR code and explore the Libby website to look for more book recommendations. Enclosed below are the physical and e-books recommendations for reading. In addition, the posters of the recent 15 story videos put up by the National Library are attached in this bulletin.

### 1. 2022-2023 Singapore Creative Story Writing Competition for Primary Students

#### Let's Write (我手写我心)

The “Let’s Write”: 2022-2023 Singapore Creative Story Writing Competition was organised by Chou Sing Chu Foundation. The “Let’s Write” series of projects focus on the creation of Chinese children’s books in Singapore. It aims to promote Chinese creative work and enrich the selection of Chinese children’s books locally. This competition provides a platform for students to undertake creative writing in Chinese, while encouraging them to think in Chinese and create their own children’s stories. The prize-winning works would be considered for publication as new books for students and become part of the respective schools’ libraries.

The entries submitted went through a 2-stage blind review process led by a jury team consisting of professional editors and educators and there were many high-quality entries in the competition. The results are finally out! The school would like to congratulate the following students for their participation and winning entries in this competition.

#### Lower Primary Category

1. Zheng Yijin, 4G 2023 – Bronze Award
2. Zhang Songyue, 4G 2023 – Merit Prize
3. Liu Zikang, 4F 2023 – Merit Prize

## Accolades

### 2. 2023 National Pen Calligraphy Competition

#### 2023年威德智海全国硬笔书法比赛

The National Pen Calligraphy is an annual competition organised by Fo Guang Shan (Singapore), the Chinese Calligraphy Society of Singapore, and Buddha's Light International Association (Singapore). The objective of this competition is to promote the culture and art of Calligraphy in Singapore with the use of hard tipped pen. This competition also enhances and improves the proficiency of Calligraphy among students, thus cultivating their self-awareness & mindfulness. A total of more than 6,000 entries were received from 70 schools this year. Our school was awarded the Mass Participation Award in 2023 as 159 students from our school participated and sent in their entries for this competition.

The following students had done our school proud and were shortlisted for the finals which took place at Fo Guang Shan on Saturday, 15 April 2023. We are also pleased to announce that our student, *Ge Jingyue*, 4G had attained a Merit Award in the finals of this competition. Congratulations!

Tong Haoze	5F

Mr Kenny Ng  
HOD / Mother Tongue Languages

## Accolades

### 3. A Successful Basketball Season

Our Senior Boys and Girls team performed well in the National School Games this year. The Senior Boys emerged Champions of West Zone and the Senior Girls attained the 3<sup>rd</sup> position. The Finals was held in the Jurong Sports Hall, and the atmosphere was electrifying. Cheered on by our supporters' and parents, the boys fought hard and won the game in the final seconds. The girls played earlier in the day and had to erase a deficit of 8 points to eventually clinch the 3<sup>rd</sup> spot.

A popular sport, we saw a total of 120 teams contested in the senior division this year. Basketball is a contact sport which requires great resilience, courage, and discipline. Our players embodied these values and persevered throughout the games.

Finishing in the top 4 spots in West Zone ensured that our teams qualified to the national stage where the best teams from all the 4 zones competed for the coveted National Champion Trophy. It was a new experience for the players as they had to travel further to new venues and on top of that, they had to play on every other day. The players gave it their best and once again attained a commendable result with the Girls team finishing in the Top 8 position and the Boys fighting their way to the National 4<sup>th</sup> position on April 20<sup>th</sup>.

This achievement would not have been possible without the fervent and continuous support from the parents. From baking cakes, to providing chicken rice after games, sponsoring team jackets and shoe bags, and screaming fanatically during games. Their support pushed the players to new heights. Many thanks to the coaches, teachers in charge of basketball and the rest of Qifa staff who have one way, or another contributed to the team's success.

Mr Govindarajan  
Teacher-in-charge / Basketball

## Key Updates — A Successful Basketball Season (cont'd)

### 4. 2023 Semester 1 Character Awards Presentation

Students of character have a sound moral compass and a strong sense of right and wrong. They think critically and ethically, are discerning in judgment, take responsibility for choices and actions, are caring towards others and strive for excellence. In Qifa, we always emphasise the importance of having a sound character through our day-to-day conversations and different student experiences. We also affirm students who exemplify our ICAR<sup>3</sup>E values through our Character Awards.

In Semester 1, **STAR** Pupil and **COOL** (Caught dOing gOod in school) Kids Awards were presented to all our awardees. For the STAR Pupil Award, we affirm our students who espouse the following school values, namely, Respect, Responsibility, Adaptability and Empathy. These nominations are supported and endorsed by the child's Form Teacher and Subject Teacher. For the COOL Kids Award, students were nominated by their teachers for exemplifying any of our ICAR<sup>3</sup>E values.

We would like to take this opportunity to congratulate all our awardees. We encourage all our students to continue to exemplify the school values, and become our next STAR Pupil or COOL Kids awardees.

The tables below are the names of the awardees for the STAR Pupil and COOL Kids Awards, Semester 1.

Mr Leang Shi Yan  
Character and Citizenship Education (CCE)  
Coordinator

20	P6F	Yeo Zhi Kang Justin
21	P6G	Jordan Tan Jin Yang

## For Parents

### 1. Raising Digital Citizens: A Parent's Guide to Cyber Wellness

In this globalised digital world, it is important to understand the concept of cyber wellness to promote positive cyber wellness habits in your child. *Cyber Wellness refers to the positive and safe use of the internet, mobile phones, and other digital technologies.*

Here are some useful pointers for you:

1. Have open and honest conversations with your child about online safety and responsible behaviour.
2. Set clear rules and boundaries for technology use and monitor your child's online activity and screen time.
3. Teach your child how to identify and respond to cyberbullying, as well as how to protect their personal information to avoid scams and online predators.
4. Encourage your child to use technology for positive and productive purposes, such as learning, creating, and connecting with others.
5. Model positive online behavior and show your child how to use technology in a safe and responsible way.

By prioritising cyber wellness and promoting positive cyber wellness habits, you can help to ensure that your child has positive and empowering experiences with technology. For more details, please refer to the article, [Understanding Cyber Wellness \(schoolbag.edu.sg\)](https://schoolbag.edu.sg)
